

At Harriet's Cottage we have always focused on making sure our guests arrive to a sparkling clean house. This is highlighted through the 139 current reviews we have on Airbnb where guests have consistently given us a 5 star cleanliness rating.

With the onset of Covid-19 we are focusing even more on this aspect of our service and after each guest checks-out we will continue to deep clean and sanitize Harriet's Cottage in preparation for the next arrival. Surfaces will continue to be disinfected and linens/towels washed at high temperatures. We will continue to offer self check-in. If needed during your stay additional cleaning supplies can be found under the stairs. A new measure we have taken is to install (*inside the front door*) a Touchless Hand Sanitizer dispenser. **Note:** Due to this extra attention to detail **we are changing the check in time for guests to 3pm (from 2pm)**

Dingle, and Ireland in general, have imposed very strict measures to combat the spread of Covid-19. You will see this in the town with signage instructing on social distancing, new rules when dining in a restaurant or shopping etc. With this combined effort by Harriet's Cottage and Dingle we want to make you are both happy to stay with us and confident in the fact that you are in a very clean and safe environment.
